

A decorative graphic on the right side of the page consists of a grid of images and solid blue squares. The images are low-angle shots of modern glass skyscrapers reaching towards a blue sky with some clouds. The squares are arranged in a pattern that roughly follows the shape of the Chinese character '国' (Guo), which is part of the company name.

The logo for Marine Partner, featuring the letters 'MP' in a stylized, bold, blue script font.

About MP

Since its establishment in 2004, Marine Partner Ltd has always adhered to the customer-oriented, relied on providing reliable, cost-effective marine products and efficient services, to overcome difficulties and pursue excellence.

After 15 years of continuous and steady development, MP have gradually formed a product supply and maintenance service system based on marine turbochargers and diesel engines, supplemented by other marine equipment. Our products are exported to all over the world and have been warmly welcomed and highly recognized by customers including the original makers.

We have accumulated rich experience in the marine services field and built a service network that facilitates fast delivery and maintenance of major ports around the world. In recent years, MP has also attracted a large number of professional talents including the chief engineer, trained technicians, and people of insight with master's degree and doctoral degree, which has enhanced our technical reserve power and provided guarantee for further development. In 2017, we took advantage of the opportunity to inaugurate another turbocharger service station in ZhouShan to provide more convenient services for ships berthing or maintenance in the area.

In view of the fact that the risks or losses caused by unreliable products or services are often enormous, MP have always adhered to and implemented the basic concept of **"Reliability means Value"** to provide reliable service, conduct reliable ways, and be reliable partner!

Turbocharger Repair

We have two TC repair stations which locate in Shanghai and ZhouShan island. Our turbocharger repairs service covers whole China.

Our Advantage for TC repair

1. Original Makers trained technicians.
our two tech. head had been working in ABB and MAN for more than 15 years.

2. abundant stock with competitive price and reliable quality.
We are the supplier of original makers for many years. That's to say the quality of our products are acceptable by original makers. Our factory is near to Shanghai, that's ensure you can get spare parts quickly with good price.

3. International service net.
We have one worldwide service net worldwide by our local partner.

Two-Stroke Engine Parts

We are the qualified supplier of Original Maker.
Our factory has been certified by ISO since 1997.
